

| S. No. | GUI Description                                                | Expected Value                                                                        | Actual Value                                               | Status/Remarks | Screenshots |
|--------|----------------------------------------------------------------|---------------------------------------------------------------------------------------|------------------------------------------------------------|----------------|-------------|
| 1      | Testing the size, position, width, and height of the elements. | Elements should be appropriately sized and positioned according to the design layout. | Elements are sized and positioned correctly as per design. | PASSED         |             |
| 2      | Testing the spelling of all displayed text.                    | All text should be spelled correctly without any typos.                               | No spelling mistakes found on the page.                    | PASSED         |             |
| 3      | Testing the different sections of the screen.                  | Sections like header, search widget, and footer should be clearly separated.          | Page sections are clearly defined and visible.             | PASSED         |             |
| 4      | Testing whether the font is readable or not.                   | Font should be readable and consistent with MakeMyTrip brand guidelines.              | Font is readable and consistent across the UI.             | PASSED         |             |
| 5      | Testing whether images have good clarity.                      | Images and airline logos should be clear and not pixelated.                           | Images and logos display clearly without distortion.       | PASSED         |             |
|        |                                                                |                                                                                       |                                                            |                |             |
|        |                                                                |                                                                                       |                                                            |                |             |
